

DATAEUM

DATA REVOLUTION

OUR MISSION

Dataeum aims to put humans at the center of the data ecosystem. Linking crowdsourcing to blockchain, Dataeum is the first platform that enables the collection of 100% of all global physical data (such as stores, ATMs, gas stations, traffic signs) anywhere in the world, with 100% accuracy. It does this by using a distributed workforce of "collectors" who are incentivized through XDT Tokens.

MARKET

"Data is the new oil"

\$3 Trillion
Global Data Economy

90%
Of the data was produced over the past 2 years

1 Billion
Google Maps Monthly Users

"Data is crude, unrefined and hard to find"

80%

of online listings display inaccurate or missing data

ONLY 0.5%

of all the data available has ever been analyzed and used

ONLY 8%

of map pin placements are correct

WHO CREATES THIS DATA?

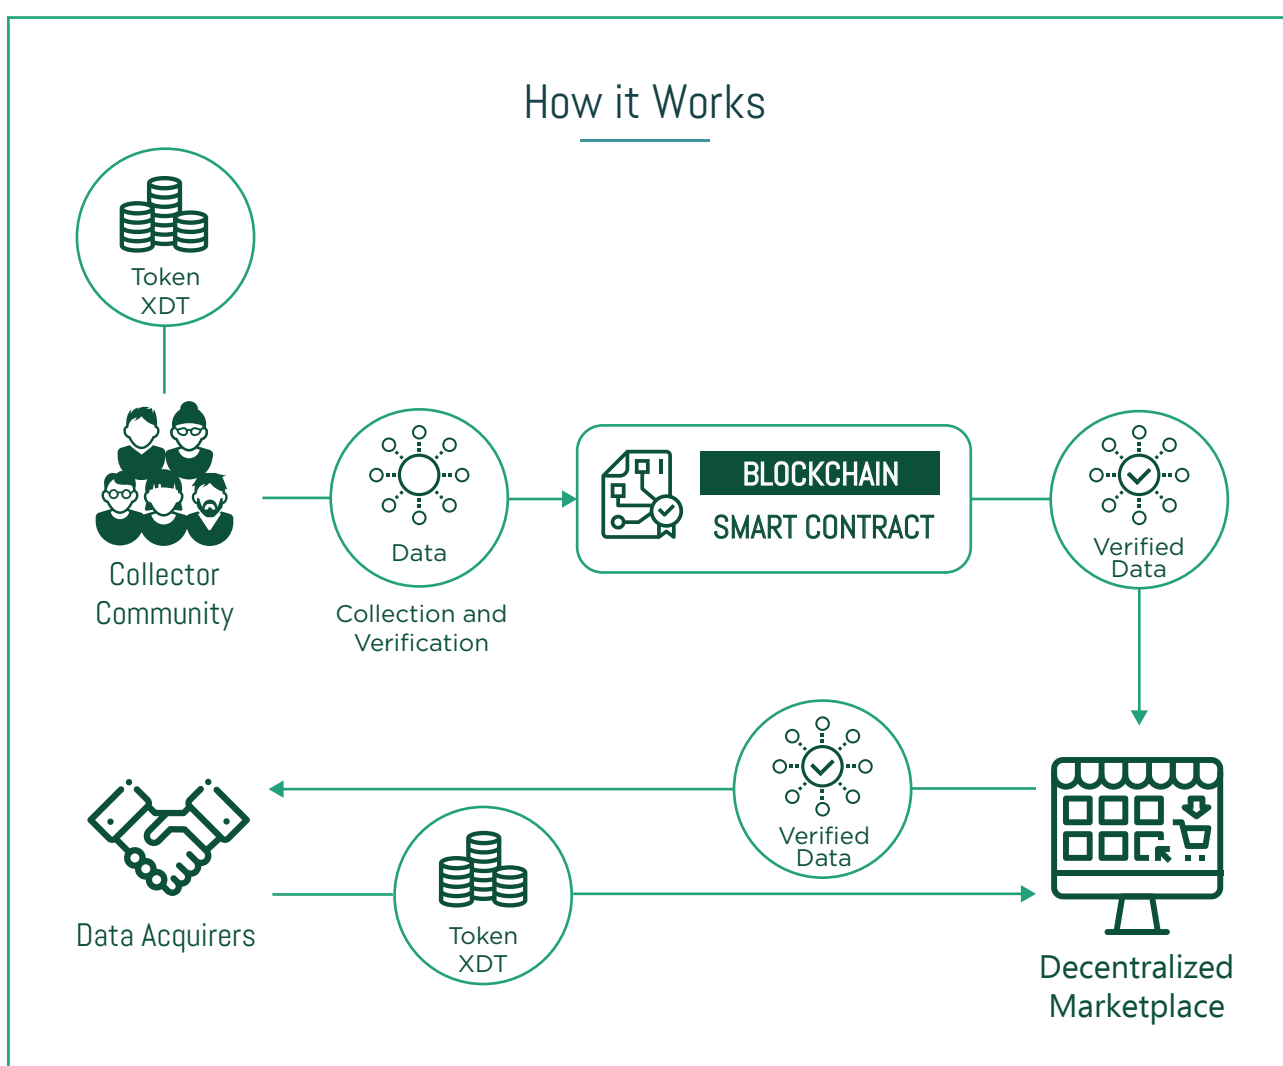

Without even realizing it, humans have become instruments of data collection through their actions, behaviors and movements.

WHAT WE DO

Dataeum's community is the backbone of data collection. Validated through a blockchain-based process, the data is made accessible in a decentralized marketplace.

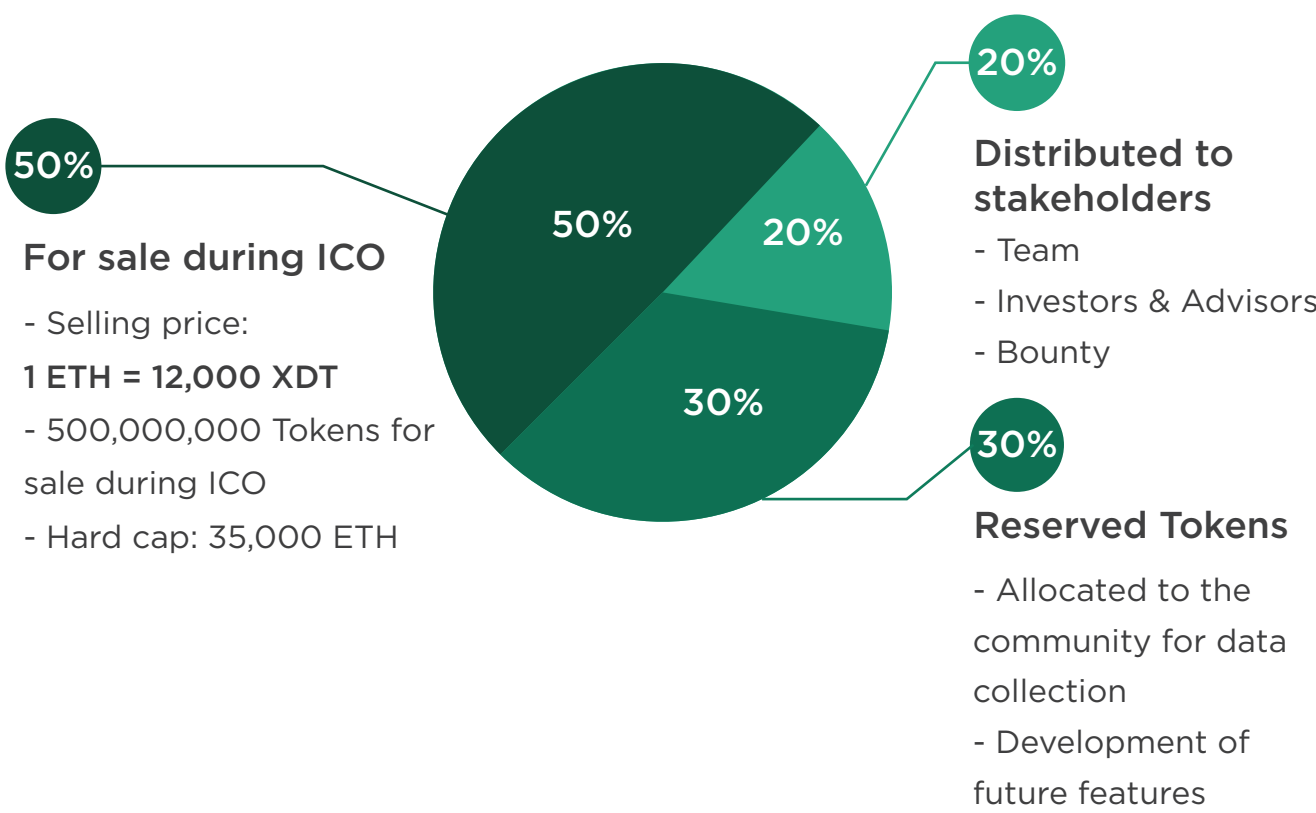

We are democratizing access, as data acquirers can obtain reliable and accurate data in real time and data collectors are rewarded for the data they generate.

TOKEN

Token Distribution

Total of: 1,000,000,000 Tokens

Use of Proceeds

CONCLUSION

With Dataeum, humans are rewarded for the data they generate. We will change the existing paradigm so that data generation will no longer be exploited by large corporations at the expense of individuals creating the data.

Supported by millions of people around the world, Dataeum will be the ultimate data platform reference. Humans will be its main resource as they will fully integrate the data ecosystem.

THEY WORK WITH US

ICO DETAILS

- ✓ Tokens created: 1,000,000,000 XDT
- ✓ Tokens issued: 500,000,000 XDT
- ✓ Hard cap: 35,000 ETH
- ✓ Accepted currencies: ETH/BTC/FIAT
- ✓ Pre sale: October 1 to November 4, 2018
- ✓ Public sale: November 5 to December 9, 2018

THE TEAM

14

DEDICATED PEOPLE

80

YEARS OF COMBINED EXPERIENCE

CHARLY PHAM
CEO & Co-Founder

Founder of several successful ventures, Charly created the first mobile application for physical data generation based on crowdsourcing. He is a serious digital enthusiast, with strong leadership skills.

BILLY PHAM
COO & Co-Founder

Tech savvy and crypto enthusiast, Billy received a first class education in the US and in France, and has developed strong management and technical skills through the many companies he has founded.
